

<p>CRATE WASHER MSA NS</p>	<p>Item no.: 00 15 57</p>
<p>Areas of application</p>	<p>Crate Washer MSA NS is an acid cleaning agent to be used in case and box washing machines.</p> <p>Crate Washer MSA NS is particularly suitable for cleaning of aluminium, stainless steel and plastic cases and boxes which got dirty or shabby and grey because of environmental pollution and weathering.</p> <p>Crate Washer MSA NS is a none-foaming agent so that it can be used in high-turbulence machines, too.</p> <p>Crate Washer MSA NS combines following advantages:</p> <ul style="list-style-type: none"> • Particular mild to all relevant surfaces • High cleaning power • Odourless • Colourless • Free of relevant waste water pollutant (sulphates, phosphates and nitrates) • In particular biodegradable
<p>Method of application</p>	<p>Spray cleaning; add the product into the cleaning bath of the crate washing machine. Suitable for automatic dosing (time relay, volumetric control or control by conductance):</p> <p>Concentration: 0.5 – 3.0 % Temperature: 30 – 70° C Time: 1 – 3 minutes</p> <p>After having used the product rinse thoroughly with drinking water to remove any possible residues!</p>
<p>Material compatibility</p>	<p>PVDF, PP, PE, PVC, stainless steel, glass, aluminium.</p> <p>Crate Washer MSA NS must not be used on steel and cast iron.</p> <p>In addition, further material incompatibilities cannot be excluded. Therefore, test the product on an unimportant spot before its definite use.</p>

Analysis of concentration	see titration method		
Physical and chemical properties			
Aspect/colour	Colourless		
Form	Liquid		
Odour	Characteristic		
Foaming behaviour (see under conditions of application)	Not foaming		
Phosphates	None		
Density (20°C) g/cm³	1.085 – 1.105		
Concentration	1% in H₂O dest.	3% in H₂O dest.	5% in H₂O dest.
pH value (1%, 20°C)	1.5 – 2.1	not applicable	not applicable
Conductance (1%, 20°C) mS/cm	7.4 – 9.4	22.0 – 26.0	37.0 – 43.0
Phenolphthalein alkalinity (ml)	2.3 ± 0.3 (1 % at 10 ml sample)		
m-Value (ml)	not applicable		
Storage stability	- 5° C – + 40° C		
Remarks regarding biocides	Not applicable		
Hazardous products and risk symbols	Methansulfonsäure 2-(2-butoxyethoxy)ethanol <div style="text-align: right;">  DANGER </div>		
Special remarks	Always close the container with the original closure, and store the items in a cool area without solar radiation. Product which was taken out of the container must never be poured back into the container. Read in any case our safety data sheet before using the product!		
Disposal	Disposal acc. to official regulations, in case of doubt contact the manufacturer.		

Please refer to our safety data sheets and our operating instructions with regard to precautionary measures, first aid measures and storage. The information given in the Sheet corresponds to the present state of our technical knowledge and experience. They do not constitute any guarantee; they are to be considered as basic information only. In particular they do not guarantee particular properties or the suitability for a concrete purpose. Because of the multitude of possible influences during the application of our products, the user has to make in any case the relevant tests and take the corresponding precautions.
