

Product properties – Technical sheet

ADDITIVE BO	Item no.: 00 09 13
Areas of application	<p>Additive BO is a mild alkaline powder, freely soluble, to increase the cleansing capacity of alkaline solutions in the beverage industry.</p> <p>Additive BO can especially be used in alkaline cleansing processes, as well as for the removal of caked organic residues like in the fruit industry.</p> <p>Additive BO can also be used to remove caked yeast residues in bottles of wheat beer, protein, hop and tannin.</p> <p>Additive BO is chlorine-free; the decolouring effect is achieved with atomic oxygen.</p> <p>Additive BO contains hardness binders which prevent the precipitation of calcium and magnesium ions; used together with special active cleansing agents the product ensures a good cleaning effect without any residues.</p>
Method of application	<p>The powder must be dissolved in warm water. Then add the solution into the alkaline cleansing solution.</p> <p>Concentration: 1.0 – 5.0 g/l (0.1 – 0.5 %) into the alkaline bath Temperature: 50 – 85°C Time: 15 – 30 minutes</p> <p>After having used the product rinse thoroughly with drinking water to remove any possible residues!</p>
Material compatibility	<p>PVDF, PP, PE, PVC, Stainless Steel, Glass, Tiles</p> <p>Additive BO must not be used on aluminium.</p> <p>In addition, further material incompatibilities cannot be excluded. Therefore, test the product on an unimportant spot before its definite use.</p>

Product properties – Technical sheet

Analysis of Concentration	according to the titration instructions		
Physical and chemical properties			
Aspect/colour	Granular	White	
Form	Granulat		
Odour	Odourless		
Foaming behaviour <small>(see under conditions of application)</small>	Not foaming		
Phosphates	n/a		
Bulk density (20°C) g/l	950.0 – 1150.0		
Concentration	1 % in H₂O dest.	3 % in H₂O dest.	5 % in H₂O dest.
pH value (1 %, 20°C)	10.4 – 11.0	n/a	n/a
Conductance (1 %, 20°C) mS/cm	9.5 – 11.5	22.5 – 26.5	36.0 – 42.0
Phenolphthalein alkalinity (ml)	n/a		
m-Value (ml)	n/a		
Storage stability	- 5°C to + 40°C		
Remarks regarding Biocides	n/a		
Hazardous products	Sodiumcarbonate Peroxyhydrate		
Risk symbols			
	DANGER		
Special remarks	<p>Always close the container with the original closure, and store the items in a cool area without solar radiation. Product which was taken out of the container must never be poured back into the container.</p> <p>Read in any case our safety data sheet before using the product!</p>		
Disposal	Disposal acc. to official regulations, in case of doubt contact the manufacturer.		

Please refer to our safety data sheets and our operating instructions with regard to precautionary measures, first aid measures and storage.
