## VR X 80 SF EXTRA DEGREASER

Item no.:

00 13 64

DEGILAGEN	00 13 64		
Areas of application	R X 80 SF Extra is a high concentrated liquid, alkaline eanser and degreaser to be used in ultrasonic, flooding and nmersion cleaning equipment.  R X 80 SF Extra is free of silicone and can be used for the dereasing before painting.  R X 80 SF Extra is used to remove drawing oils and soaps, aculd release agents, polishing and lapping pastes.  R X 80 SF Extra helps oils and greases to float at the surface hus increasing the efficiency of the oil traps.		
	VR X 80 SF Extra is particularly suitable for the cleaning of parts before processes for which the surfaces must be as clean as possible, e.g. hardening, shielded welding, soldering, galvanisation or paint coating.		
Corrosion protection	VR X 80 SF Extra hasn't any components for corrosion protection to prevent sensitive material from corrosion.		
	Suitable for automatic metering (time relay, volumetric control or control by conductance):
