# Product properties – Technical sheet

## CIP CLEANER MSA

### Areas of application

**CIP Cleaner MSA** is particularly suitable for all CIP and re-circulating cleaning operations in breweries, diaries and distilleries, because of the appropriate combination of anti-scale agents and not foaming ingredients.

**CIP Cleaner MSA** allows easily removing with CIP all stubborn residues of yeast plants, beer scale, milk stone, and mashing scale.

The main areas of application are cone-shaped cylindrical fermentation tanks, storage tanks and floatation tanks.

**CIP Cleaner MSA** is suitable for aluminium, stainless steel and plastic tanks.

**CIP Cleaner MSA** combines following advantages:
- Particular mild to all relevant surfaces
- High cleaning power
- Odourless
- Colourless
- Free of relevant waste water pollutant (sulphates, phosphates and nitrates)
- In particular biodegradable

## Method of application

**Re-circulating cleaning system, also suitable for systems with CO₂ atmosphere:**

- Concentration: 1.0 – 5.0 %
- Temperature: cold – 80°C
- Time: 20 – 40 minutes

After having used the product rinse thoroughly with drinking water to remove any possible residues!

## Material compatibility

- PVDF, PP, PE, PVC, Stainless Steel, Glass, Aluminium

**CIP Cleaner MSA** must not be used on steel and cast iron. In addition, further material incompatibilities cannot be excluded. Therefore, test the product on an unimportant spot before its definite use.
### Analysis of concentration

According to the titration instructions

### Remarks regarding biocides

n/a

### Hazardous products

Methanesulphonic acid

### Risk symbols

![DANGER]

### Special remarks

Always close the container with the original closure, and store the items in a cool area without solar radiation. Product which was taken out of the container must never be poured back into the container.

**Read in any case our safety data sheet before using the product!**

### Disposal

Disposal acc. to official regulations, in case of doubt contact the manufacturer.
